Union Organizing Nurses, Workers At Hospital Here

Organization of a St. Elizabeth Hospital local of American Federation of State, County and Municipal Employees Union was announced here Friday by international and local union representatives.

Harold Benedict of East Peoria, a staff representative of the AFSCME Union, told the Press-Record that a charter establishing the local will be issued out of the international headquarters at Washington "within a matter of a few weeks."

The move to set up the union, whose membership will cover all types of workers at the hospital including registered nurses, was revealed as union officials and organization representatives of hospital employees opened a recruiting drive.

A group of organizers were at the hospital entrances from 6 a.m. until 8:30 a.m. Friday to distribute printed notices of the union program to employees leaving and arriving at the hospital for the morning shift change. The notices also were after 3 p.m. Friday.

Two Unions Involved
All workers except kitchen and cafeteria help will be accepted by the State, County and Municipal Employees Union, while kitchen and cafeteria workers will be taken into the Cooks and Waitresses Union. Mrs. Helen Peters, business agent of the Cooks and Waitresses Union, said there are about 40 to 45 hospital employees who would come under the union if all of them enroll.

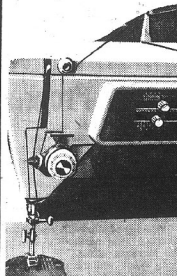

Benedict and Mrs. Peters said that a substantial number of hospital employees were recruited as union members before the membership drive was opened publicly Friday morning. Activities at the hospital entrances Friday represented efforts to obtain as members those who have not yet joined the union, the two officials said.

Benedict would not disclose the total number of members already signed up, but said that "a large enough percentage has joined the union to assure the issuance of a charter and to definitely establish a union local." "A group of employees came to us seeking a Union to represent them as their bargaining agent for better wages, hours and working conditions," Benedict said, adding, "We represent employees of all classifications at the hospital with the exception of kitchen and cafeteria employees who have affiliated with the local Union of the Hotel, Motel, Cafeteria and Restaurant Employees. The two unions are making a joint drive for membership in order to get as near 100% as possible."

Has Union Support
James C. Chakulas, International Representative of AFSCME who came here with Benedict, said similar moves are being undertaken throughout the country. "The lack of union representation has resulted in hospital employees falling far behind other organized employees," Chakulas said. He and Benedict said the program "has the total and unqualified support" of Edw. Reiske of the Tri-Cities Trades and Labor Council, and Thomas Griffin, St. Elizabeth Hospital granted pay raises of \$50 monthly to registered nurses in November, and at the same time increased minimum pay scales from 10 cents to \$1.35 per hour. Still other wage boosts were allowed on the basis of job analysis. The raises for nurses boosted the minimum pay in that category to \$480 per month. At that time the hospital said it had 587 employees, 86 of them registered nurses.

NIGHT WATCH

last night as candidates for township and city elections in Granite City line up outside the city hall office of Clerk Homer Pendleton to file petitions of candidacy. First in line is Leroy Mangiaracino, who plans to file for township assistant supervisor; and sitting in for Sixth Ward Alderman Gerald Farmlay is his wife, Shirley. Mangiaracino has been in the line for over a week to get top spot on the township ballot.

Man, 60, with Gun Faces Weapons Charge

Answering a complaint in the 2100 block of Lee avenue early Sunday morning that a man had flourished a gun and fled, police later arrested James Hutchinson, 60, of Clarksville, Tenn., at 20th street and Madison avenue. He was charged with unlawful use of a weapon.

Charged with Speeding

Thomas Cox, 1329 Bremen avenue, was issued an arrest ticket Friday afternoon in the 1900 block of Johnson road on a charge of speeding.

sub district director of the United Steelworkers Union. About 400 hospital employees will be affected by the union organization, exclusive of professional personnel, Benedict said. These include the kitchen and cafeteria workers.

Benedict said that soon after the charter is issued a negotiating committee will approach the hospital management for meetings concerning a work agreement. St. Elizabeth Hospital granted pay raises of \$50 monthly to registered nurses in November, and at the same time increased minimum pay scales from 10 cents to \$1.35 per hour. Still other wage boosts were allowed on the basis of job analysis. The raises for nurses boosted the minimum pay in that category to \$480 per month. At that time the hospital said it had 587 employees, 86 of them registered nurses.

McKinley Bridge Use Continues Drop in December

Traffic over Venice-owned McKinley bridge during December decreased 25,510 vehicles below December 1965 and increased to \$19,520 the total revenue loss during the past three months, the Venice city council was informed in its regular meeting Friday night.

Henry McMullin, bridge manager, told the council that December vehicular crossings totaled 404,950, compared to 432,460 in the same month of 1965. Similar reductions were reported during October and November following the opening of the toll-free Chain of Rocks bridge for Interstate Route 70.

Mayor John E. Lee pointed out that the total revenue loss, determined by comparisons with income of a year ago, now averages about \$6500 per month from the work out of motor fuel tax funds.

May Be Greater

Officials have pointed out that the traffic reduction and revenue loss probably will be greater during the summer months when bridge traffic is heavier than during the winter.

City Treasurer Bernard Anderson reported to the council that another \$65,000 has been borrowed from the working cash fund to finance the city's general fund operations until the annual tax settlement is received, probably in March.

The fund transfer increased Venice's total income to \$85,469 as of Jan. 1. Payment of December disbursements totaling \$30,809 left a balance of \$54,660 which should be sufficient to meet Venice expenses for January and February. Venice income in December was \$10,000, the \$83,000 from the working cash fund, included \$869 in fines, \$250 in tavern licenses and \$103 in miscellaneous receipts.

Expenditures during December included \$3277 in the street department, \$8466 for the police department, \$2445 for city officials, \$2495 for garbage collection and \$8593 for the fire department.

May Widen 4th Street
Mayor Lee proposed that the city determine if the state highway department will participate in a plan to widen Fourth street from Broadway to a point about 40 feet past Kerr street, a distance of slightly more than four blocks at a cost estimated at approximately \$41,500.

The city proposed to widen Fourth street, now a two-lane highway, to a width of 40 feet, install storm water drainage, and curbs and gutters. Fourth street is Illinois Route 3.

Mayor Lee presented estimates prepared by Edward J. Juncu, city consulting engineer of Sheppard, Morgan & Schwaab, indicating that a cost of widening and general improvement from Broadway to Lincoln street, a distance of one block, would be about \$10,852, while the other section past the curve, from Lincoln street to the intersection of the McKinley bridge, would be about \$30,648.

Two-Auto Collision

Involved in a collision Saturday afternoon at 13th and State streets were autos driven by Roscoe Gibson, 1924 Adams street, who was going west on 13th, and Philip Dressel, 3646 Terrace lane, who was traveling north. Madison police said no one was hurt.

Ask Use of Range

Another request for use of the Venice police department firing range in the street department garage, submitted by Harry Jeffries as a representative of the Midwest Pistol club, was referred to the police committee. The police committee already is considering a similar request from the Granite City Pistol Club which formerly used the Granite City firing range, now eliminated by Federal Aid Route 151. The committee will investigate insurance coverage of the two clubs and report at a later meeting.

The council approved bills in the amount of \$600 for Sheppard, Morgan & Schwaab and \$224 for G. H. Sternberg Contracting Co. for a sewer line installation, both to be paid out of the McKinley bridge revenue fund. A bill total of \$1696 for Christmas treats distributed to Venice children before Christmas also was authorized to be paid out of the bridge revenue fund.

A building permit for construction of a garage costing \$800 was approved for Addie Williams of 511 Mercedia street.

The council granted a request by Police Chief Frank DeWitt for permission to attend the annual convention of the Illinois Chief of Police Association in Oakbrook, Ill., Jan. 15, 16 and 17.

11 Area Defendants Arraigned, Trials Start for Others

Eleven defendants charged in area crimes were arraigned on criminal indictments Friday in Madison county circuit court at Edwardsville, and eight others were listed on criminal trial settings opening today in the Granite City and Edwardsville divisions of the court.

Arraigned Friday and entering pleas of innocence were Anthony Evanoff, 22, of 1818 Seventh street, Madison, Jerry Wasmack, 2028 Washington avenue, and Raymond L. Beaton, 20, of Paducah, Ky., charged with armed robbery at the Washington tavern on Nov. 22.

Dolly Regina Gage, 23, and Louis Edwards Brown, 21, both of St. Louis, charged with armed robbery at the Venice liquor store Nov. 10, and Brown, on two charges of attempted murder in the weapon beating of Frank Diak, beer truck driver, and Michael Collins, Cottage Hills brick truck driver, in the same case.

Theodore Kellerman, 25, of 1116 State street, Madison, charged with armed robbery at the Donk liquor store on Oct. 3, Donald Lee Hutchinson, 21, of 908 Grand avenue, charged with burglary at the Venice location of Music on Oct. 12.

Robert Vernon Boyer, 32, of Collinsville, Marcellus Joseph Daniels, 28, of 531 Jefferson avenue, Venice, Charles Lee Miller, 30, of 104 Central avenue, Mitchell, and Jimmie MacSnyder, 31, of 20th street, St. Louis, all charged with theft.

Criminal cases set for today before Associate Judge Austin Lewis in Granite City are for Charles Cook, 27, and Charles T. Wright, 33, both of St. Louis, who were trapped in a burglary at 12th and Broadway streets last Sept. 20.

Charles Miller, 30, of 4630 Maryland road, charged with theft of office supplies from the Venice school system in July 25; and James Leroy English Jr., 20, of 2137 Robert avenue, charged with aggravated battery in a fracas Sept. 4 in the 2500 block of Circle drive.

Outdoor Skills Taught At Troop 832 Campout

Girl Scout Troop 832 of McKinley school returned home yesterday afternoon from a three-day camping trip at Camp Lakota near Glen Carbon. Troop members were accompanied by their leader, Mrs. Richard Schwendemann and co-leader, Miss Barbara Barton.

Various skills were taught which enabled the girls to earn troop camper badges. Included were hikes, choral readings, rope games and a Scout's own hour on Sunday morning. Assisting the leaders were Mr. and Mrs. John Seybert and Richard Schwendemann.

Campers included Denna and Miss Antonopoulos, Cathy Butler, Sandra Baker, Cheryl Crawley, Debra Conner, Terri Moran, Carolyn Mih, Susan Price, Dawn Kin and Leslie Seybert, Diane Schwendemann, Stephanie Southwick, Pamela Jarvis and Loretta Cox.

GC Man Fined \$50

Benjamin White, 38, of 2905 Morgan avenue, who was arrested Wednesday night on a charge of disorderly conduct at 20th street and the railroad tracks, pleaded guilty Thursday in magistrate's court and was fined a total of \$50.

Annual 'Mothers' March Being Planned for Area

March of Dimes leaders in the Quad-City area today announced the appointment of two local women who will spearhead the annual "Mother's March" later this month, climaxing the Foundation's 1967 fund-raising campaign.

Mrs. Bernadine Hagnauer, March of Dimes chairman for Granite City, Mitchell, Stallings and Pontoon Beach, named Mrs. Julia Lancaster, 3801 Franklin avenue, as this year's "Mother's March" chairman for the same areas and co-chairman for the overall campaign.

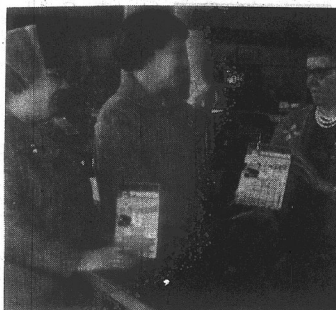

Appointed by Mrs. Julia Voloski, general drive coordinator for the Madison area, was Mrs. Jean Voegeli, 1809 Fourth street, Madison, who will direct the volunteers' door-to-door drive in that community.

Mrs. Hagnauer also announced the appointment of Mrs. Toby Worthen, 2448 Fortune drive, wife of Granite City school board president, Monroe L. Worthen, to direct distribution of student gift envelopes in local schools, assisted by Mrs. Billie Schuler as co-chairman, and Rosevelt Bennett Jr., 445 East Lake drive, who will supervise March of Dimes activities in Pontoon Beach village.

Mother's March Leaders Previously involved in similar fund-raising campaigns, the Granite City "Mother's March" chairman is the wife of Lamont C. Lancaster, a Granite City Steel Co. supervisor and the mother of three children, Kathy, 12 years, Philip, 14, and HM/2 Gary Lancaster, 22, U. S. Navy.

Gary, a hospital corpsman, recently returned home from a year's duty at Chu Lai, Vietnam. Currently, he is stationed at Balboa Naval Hospital, Balboa, Calif., where he is attending a cardio-pulmonary training school. Mrs. Lancaster, who is employed in the Granite City township relief office, is a member of the Granite City Democratic Women's Club.

Mrs. Voegeli, whose husband, Elmer, is with the Federal Aviation Agency at Lambert-St. Louis Field, also was active in March of Dimes campaigns in previous years. Employed as a bookkeeper for W. L. Waggoner Trucking

PREPARING MARCH OF DIMES KITS for volunteer workers who will seek contributions in a home-by-home canvass later this month are Mrs. Julia Lancaster (seated), Granite City "Mother's March" chairman, Mrs. Toby Worthen (left), school participation chairman, and Mrs. Bernadine Hagnauer, general campaign leader for Granite City, Mitchell, Stallings and Pontoon Beach.

Three Army Depot Workers In Annual Competition

Three employees of the Granite City Army Depot, one of them from Granite City, have been chosen to represent the depot in the annual "Federal Civil Service Employee of the Year" competition.

The nominees include Mrs. Pauline B. Weir, supervisory auditor who lives at 3278 Wabash avenue, and James E. Williams sr. and Mrs. Mary E. Matthews, both of East St. Louis.

Winners will be announced at the 12th annual awards banquet in the Chase Park Plaza Hotel, St. Louis, on March 4. Each of the nominees will represent one of three divisions—administrative services, managerial and technical, and professional and scientific.

Mrs. Weir represents the professional and scientific division. She began her civil service in September 1942, when she was employed by the Corps of Army Engineers as a clerk-typist. She was appointed fiscal officer at the Army Depot in 1946 and in 1948 was appointed supervisory auditor, the position she now holds.

Mrs. Matthews, in the directorate for administration, will represent the administrative services division. She entered Civil Service at the depot in 1944 in DIRSAT and later was transferred to the publications office. In 1956 she was transferred to the adjutant's office and, with exception of four months in the mail and records branch, has been in the office services branch. She has been cited for job performance, participation in the incentive awards program and participation in community activities. She is the mother of five children.

Williams will represent the managerial and technical division. He entered federal civil service in July 1952 as a storekeeper, became a processor in October 1952, a clerk in process planning in March 1953 and transferred to preservation packaging in November. He assumed his present duties as compliance officer in September 1963. He has a BS degree, MS degree and LLB degree.

Attend Funeral Services Mr. and Mrs. Carlos LeVault and son, Gary 2244 Orville avenue, returned home Saturday after attending funeral services Saturday at Sesser, Ill., for Caesar Mario, 53, of that city, brother-in-law of Mr. LeVault. Accompanying them was a daughter, Mrs. Julius Horvath, Rural Route One, and her sons, Damon, Mark and Todd.

Smoke Score, No Loss Firemen from the main station were called at 9:50 p.m. Friday to the home of Al Timko, 2226 Benton street, where Mrs. Timko smoked smoke. Firemen inspected the basement and were unable to find any smoke.

Miss Carol Hoelscher and Earl J. Meek Wed Saturday

The wedding of Miss Carol Hoelscher, a daughter of Mr. and Mrs. George R. Hoelscher, 112 Central avenue, and Earl J. Meek, whose parents are Mrs. Leonard Meek, 102 Joan street, Hartford and the late Mr. Meek, took place Saturday afternoon at St. Margaret Mary Catholic Church.

Rev. A. J. Schwellenbach officiated at 2 o'clock, and a buffet supper and dance were held afterward at the VFW hall. Phil Spence presided at the organ and accompanied the vocalist, Miss Sharon Koch, as she sang "Ave Maria" and the Lord's Prayer.

Escorted by her father, the bride wore a gown of ivory duchesse satin featuring a normal waistline and full length Queen Anne sleeves. The skirt, which ended in a court train, was appliqued with motifs of darker ivory Alencon lace and small satin rose buds and the sweet heart neckline was further enhanced with lace.

A veil of silk illusion was held in place with a crown of pearls, and the bride carried a bouquet of white roses.

Mrs. Eugene Dickey was matron of honor, and Miss Barbara Watz, Miss Mary Beth Gavin, Miss Ruth Meek, a sister of the bridegroom, and Mrs. Robert Atz served as bridesmaids.

They were dressed alike. Their gowns, with Empire bodices of Burgundy velvet and matching long coats, had sheath skirts of pink crepe.

The honor attendant carried a bouquet of pink carnations centered with red, while the bridesmaids' flowers were pink carnations. All wore bow and veiling headpieces.

Two little flower girls, Pamela Hoelscher, a niece of the

bride, and Debbie Hoelscher, a cousin, were in pink peau de sole dresses with red velvet bodices and jackets. They held nosegays of white pom poms and sweet heart roses.

Donald Bade, a cousin of the bridegroom, was best man; and the list of groomsmen and ushers included Eugene Dickey, another cousin of the groom, Larry Primas, Robert Pink, George F. Bugle Jr., Donald Hoelscher, the bride's brother, and Edward Chartrand.

For her daughter's wedding, Mrs. Hoelscher chose a pink brocade sheath dress with a coat of the same fabric and cranberry accessories. The bridegroom's suit was in pink silk shantung dress and matching jacket. Both wore white cymidium orchid corsages.

The former Miss Hoelscher is attending the Granite City schools, Elmhurst College and Illinois State College and was graduated from Grace Hospital School of Medical Technology in Detroit, Mich.

Mr. Meek, a graduate of the Edwardsville high school, is attending a trade school in St. Louis. He is employed by the R. Dren Electrical Co. here.

After a brief wedding trip, the newlyweds will live at 2433a Delmar avenue.

Among the out-of-town guests here for the wedding were Mr. and Mrs. Herman Hoelscher, Scarville, N. Y.; Miss Barbara Watz, Detroit, Mich.; Mr. and Mrs. Robert Atz, Dakota, Ill.; Mr. and Mrs. Donald Hoelscher, Bremerton, Wash.; Mrs. Earl Hoelscher, Jacksonville, Ill.; Miss Lynn Patterson, Syracuse, N. Y.; Miss Betty Land, Stauden, Ill.; Mrs. Gilbert Roy and Mrs. Oscar Gentry, Neoga, Ill.; and others from Edwardsville, St. Louis and nearby cities.

Cage Warriors on Road Back; Stomp Wood River 81-49 Here

The Granite City basketball Warriors recorded their second easy win of the new year and their sixth victory of the season when they trounced Wood River 81-49 in a Southwest Conference play Saturday at Granite City high school.

The Warriors gained a 21-11 lead in the first quarter, big enough for Ralph Sackett, Warriors cage coach, to clear the benches in the second period play. The Junior Warriors also fared well, keeping the Warriors ahead at the half, 42-23.

The Warriors allowed the Oilers to score only seven points in the third period and netted 19 points to take a commanding 61-33 lead, and then outdistanced Wood River 20-14 in the final quarter.

Warrior high scorer was co-captain Jim Hentzel with 21 points, followed by Gary Simpson 18, Jeff Jones 17, Terry Moore nine, Mike Hoy six, John VanBaskirk five and Bob Malottki and Mike White, two each and Don Rains, one.

The Warriors have reached the 500 mark in wins and losses with going into the Dupo basketball tournament slated to begin Tuesday.

GC Sophs Stopped By Maroons 71-62

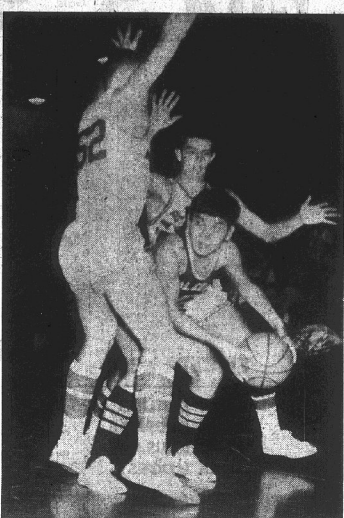

Granite City high school basketball sophomores fell to a 1-4 record when they lost to Belleville West 71-62 in a road game Thursday.

Leading scorers were Larry Pirtie with 20 points, Jeff Lybarger 11 and Rick Thompson, nine.

Warriors in First Game Of Dupo Cage Tourney

The Granite City Warriors are scheduled to arrive Belleville East in the opening game of the eight-team Dupo invitational basketball tournament tomorrow.

The Warrior - Belleville East game gets under way at 7 p.m. with tournament host Dupo and Belleville completing tournament play Tuesday in a game scheduled at 8:30 p.m.

On Wednesday, defending tournament champ Belleville West is paired with Freeburg at 7 p.m. and Roxana will play O'Fallon at 8:30 p.m.

If the Warriors win their opener with Belleville East they will play again at 8:30 p.m. Thursday. That winner will play for the championship at 9 p.m. Saturday.

Losing their opening game, the Warriors would play again Thursday at 7 p.m., and possibly again Saturday at 6 p.m. for the consolation championship.

In last year's tournament, Belleville West edged the Warriors 52-51 to capture the championship. In a tense and exciting game marked by 43 fouls and 48 floor violations called by officials, there was a dramatic climax.

A foul was called on Warrior Bill O'Neil as the buzzer rang with the score tied. Maroon Ray Wiley made one of two free throws, hitting the first attempt, to give the Warriors a 52-51 lead. Belleville had earned the chance to play the Warriors by

Two Warriors Make Cage All-Star Team

Granite City Warrior cage captains Terry Moore and Jim Hentzel were named to the Pontiac basketball tournament's all-star second squad it was announced today.

Also named to the second squad were John Handy, Lockport Central; John Youngdale, LaSalle-Park; Ralph Livingston, Waukegan; Mike Seitzinger, Lincoln-Wood; Kevin Pierce, Pontiac; Dick Thomas, Bloomington.

Named to the tournament's annual all-star team were: Tom Lunstedt, Prospect; Fred Evans, Waukegan; Randy Thompson, Pontiac; Dave Robisch, Springfield and Jeff Hickman, Lockport. Lunstedt, Evans and Thompson were unanimous choices.

Five new records were established in the hotly contested 38th Pontiac High School basketball tournament which was won by Waukegan's Bulldogs in a well-played 52-49 championship game over the Lockport Central Panthers. Granite City was defeated by Lockport in their tournament opener, 19-62.

Prospect high school's outstanding (6'4") forward Tom Lunstedt paced the assault on the records by establishing two new individual standards. He threaded 20 field goals in a game against Taylorville and scored 32 points in a one-game match and added seven free throws in the same game to shatter the old record of 47 point total. The old records of 19 field goals and 44 points respectively were set by Roger Angel of Princeton in the 1960 tournament.

Prospect's Knights also broke two team records and shared another new standard. Prospect scored 101 points against Taylorville to break the old mark of 99 points set by Granite City in 1965.

Prospect also netted 42 field goals to break the old record of 40 set by Prospect of Maywood in 1959. Prospect with 101 points and Taylorville with 83 points combined to break the one-game scoring total of 164 points. The old record of 159 points was set by Richwood (81) and Sterling (78) in the 1965 tournament.

Dave Robisch, the 6-7 Springfield center, carried off the individual scoring title for the 1966 tournament with a four-game total of 111 points.

Three Weight Champions (112), Bruce Cripps (120), Russ Hamilton (127), Pat Hoffman (145), Pat Breese (154), John Hommer (180) and Kenny Prince, heavyweight.

Red Devils Dump Breese 80-44 in League Game

The Venice Red Devils achieved their twelfth basketball win of the season in 15 games by upending Breese 80-44 in a Southwest Conference cage play Friday at Breese.

Way 5-1 in the league, Venice trails Bunker Hill, 5-0 in conference play and 13-0 overall. Bunker Hill crushed conference foe St. Paul of Highland 80-42 Friday.

Playing the Red Devil regulars only the first and third periods, Bill Ohlendorf, Venice cage coach, cleared the bench in second and fourth quarter play. "It was a sloppily played game. Breese played rough," Ohlendorf said. "They lacked finesse," he told the Press-Record.

Shooting better than 45%, the Red Devils jumped ahead in the first period 22-7, led 43-14 at halftime and 62-28 after three periods.

Rich Essington, a leading area scorer averaging 20.8 points a game, paced the Red Devils with 24 points.

Greg Puente scored 11 points, John Gardner 10, Stan Young 9, Bob MacIntosh and Lloyd Harper six each, Jim Miller five, Tom MacIntosh three and Denver Hill, Russell Turner and Mike Leatherman, two points each.

Dal Maxvill Selected as 1966's Outstanding Major League Baseball Player

Receives Khoury Leaguer Award at Dinner Feb. 12

Dal Maxvill of Granite City, the St. Louis Cardinals' No. 1 shortstop, has been voted the outstanding baseball player of 1966 by metropolitan sports writers and sportscasters and will receive the Khoury Leaguer of the Year Award, it was announced today by Will Grisham, this year's awards chairman.

On inscribed plaque will be presented to Maxvill at the 31st Khoury Leaguer of the Year Award banquet to be held at 6 p.m. Sunday, Feb. 12, in the Khorassan Room of the Chase-Park Plaza Hotel.

A group of nine selected Maxvill out of a list of 11 players who as youths participated in Khoury League baseball. Previous winners of the award are Norm Siebern, Larry Thomas, Ron Hunt, Mike Shannon and Bob Miller.

Started as Pitcher
Started at age of 12, Maxvill started playing Khoury League ball for the Salvation Army Atomic Kids team in Granite City, as a pitcher.

Two years later, he switched from the mound to become a shortstop. He spent a total of five years playing in the Granite City Khoury Leagues.

A former Granite City high school warrior baseball star, Maxvill went on to star on the Washington University baseball squad for four years while he studied electrical engineering. He also played in the Southwest Illinois Inter-City Baseball League.

Maxvill signed his minor league baseball contract with the St. Louis Cardinals in June 1960. He advanced to major league play in June 1962.

Pennant, Series Star
Unusually small for a major league ball player, Maxvill attributes his success to a tremendous desire to play and 100% dedication of himself to that goal.

His value to the Cardinals was never more pointedly illustrated than in the waning days of the 1964 season when, with second

DAL MAXVILL

baseman Julian Javier injured, he stepped in to help the Cardinals in the pennant-clinching game and as a starter in every 1964 World Series contest. He caught the pop fly that ended the Series with a Cardinal victory over the New York Yankees, American League champions.

Cardinal Manager Red Schoendienst rates Maxvill with the exclusive group of players who have fulfilled playing responsibilities on short notice.

Maxvill's record through his professional career shows the outstanding figure of .972.

He shrugged off any thought of professional baseball if it would mean the exclusion of a college education. He holds an electrical engineering degree from Washington University, and puts his training to use at the Ruesman Pave Co., St. Louis.

His fielding record through his professional career shows the outstanding figure of .972.

At first, many questioned whether he had the ability with the stick to hold down a regular position on a pennant-contending ball club. But he has improved his batting ability to more than adequate performance.

Maxvill lives in Granite City with his wife, Diane, and three children, Kathy, Danny and Jeff.

Prof. Butler Presents Secretaries' Program

The January meeting of the Tri-Cities Chapter of the National Secretaries Association was held at the Grand Cafe Thursday evening.

The program for the evening was a Readers Theatre presentation introduced by Robert Butler, associate professor of drama and speech at St. Louis University, whose wife, Mrs. Lucille Butler, is a member of the chapter. The Butlers reside here.

Two of Mr. Butler's students, Miss Barbara Hagler and Ann Jones, presented a play, "The Butlers' Secretaries," which was used in dramatic literature from the ancient Greeks up to the modern theatre. Scenes were enacted from "Medea," by Euripides; "Othello," by Shakespeare; and "Cat on a Hot Tin Roof," by Tennessee Williams.

During the meeting plans were made for a candy sale with all members participating. A nominating committee was also named to select a slate of officers for the coming year.

A board meeting will be held Saturday, Linda Schreier, 4 Briarcliff, Teresa Padgett, 201 Buxton.

SAYS CITY NEWSPEAPER SHOULD SEEK HOSPITAL

To the Editor:

I hear a lot of people complain about the hospital auditor. Who does anything about it? Are they afraid of someone?

Let's voice our opinions in the paper or write our congressman, also the state and federal health departments. I think the editor put the heading at the beginning of the Forum to cover himself. When you write to the editor he might print your letter, if it doesn't conflict with one of his pet projects.

When I write about the hospital he cuts a lot out. I think some one at the hospital tells him what to put in the paper.

Also, when you write to the editor, someone he will let you pour it out, but not others. The editor can do a lot to help get an honest hospital.

Let's write more letters to the Forum. Also, write to the state and federal governments. Maybe we will be heard completely by these departments.

I don't think the editor will print complete letters about the hospital. He must think it isn't in the readers' interest.

PRaises PARTNEY RECORD AS ALDERMAN AND MAYOR

To the Editor:

I have been receiving the Press-Record ever since I moved from Granite City in October 1966. I have been following the career of the mayor and Mr. Green and Mr. Harrison with much interest.

Prior to being elected mayor in April 1965, Mayor Donald Partney served 18 years as alderman for the people of the Fourth Ward. Alderman Green and the committee have now stepped forward to criticize the voters of the Fourth Ward.

Does this mean Mr. Green and Mr. Harrison are declaring the voters of the Fourth Ward incompetent? I should like to see Mr. Green and some others who are on the city council can stand back and point their fingers at the mayor for his policies but I challenge any one of them to do half the job Mayor Partney has done.

In closing, I hope they will spend more time being better citizens and less time criticizing.

the voters of the Fourth Ward,
THOMAS R. BOKER
Alexandria, Va.

18-MONTH, 18-YEAR RECORDS COMPARED

To the Editor:

In our city council there are a number of questions that need to be answered in behalf of the people of the 4th Ward. We do not agree with the mayor's statement about Alderman Green when he made apologies to the voters of the 4th Ward for appointing him alderman.

If Mayor Partney would be honest with himself he would make apologies for his own lack of accomplishments during his 18 years as alderman of the 4th Ward. So far as I can remember, and I have lived here 45 years, the only worthwhile thing that was done for the 4th Ward while he was alderman was the two-block-long sidewalk that was put in for Logan school. The sidewalk was sorely needed for many years, and he opposed it.

Now, compare this past record as alderman for 18 years with the record of Alderman Green in less than two years.

First, look at the Missouri avenue improvement. Something that should have been done 20 years ago. The mayor also opposed that. Except for Green along with the majority of the city council, which passed it over his head, and except for the cooperation of Street Sup. Ward, it would not have been done.

Green has done more for the 4th Ward in 18 months than Mayor Partney did in the previous 18 years. Anyone who has lived in the 4th Ward for the past 20 years knows I am telling the truth.

I do not believe the mayor's present tactics will help him in the 4th Ward. It seems to me that if we would follow his policies, it would be a waste of time and taxpayers' money to have any alderman at all. The only thing we would need is a mayor.

The sooner he faces the facts, the better off he'll be. In my opinion, the majority of the people of the 4th Ward would approve of his past and present tactics that they will vote down anyone he openly supports.

To give my statement, wait until the April election.

Tax or Limits on SIU Store Urged

(Illinois Retail Merchants Association)

It is almost certain that the state will be forced to ask the legislature to regulate and control the tax—the "bookstore business" of state-supported colleges.

The legislation might well include these:

1. Sale of only a limited line of merchandise clearly needed in carrying out the educational program of the students.

2. Added lines which are proven to be not available in taxpayer-owned stores within easy access of college campuses.

3. Restriction of all such purchases to bona fide identified students or properly designated parents or guests of such students while on campus.

4. Tax-Supported Competition

Or, 4. Placing of such "for profit" operations in the hands of the city and state—and nation—in exact relationship to the taxes borne by the private industry whose taxes help to support these schools.

Why such legislation?

First, in Normal School towns, progressive retailers have been unable to get their "campus competition" down to a fair and limited competitive basis, or to get school bookstores catering to student voluntary shrinking of the lines of the credit cards issued (1) competitor. But when the operation means full-scale competition, such competition must be subjected to control.

Failing self-correction from the school side, the state, by retailing has only one place to turn, as a taxpayer element.

To the legislature which, in one statute, could tax taxation, the state over, competitive would and bring a great deal more tax revenue into play if such stores continue their emphasis on being "Macy's on campus."

SIU-SW Plan Cited

The latest "motivation comes from Edwardsville, where the city and major cities in the area ably help of Illinois' major retail and all business areas. Hearings come on the way, as leaders concerned over the effects on their voracious appetite for the "on-campus store."

If the legislature is about to open in March under Southern Illinois University management.

We're old friends of SIU. We have fought for it, attended its work on the idea of getting a clinic, added in its legislation, goodly tax income out of those admitted its staff efforts in acquiring new buildings, and for that wonderful SIU. But when SIU makes the following plans and adheres to them, we can only regret that we've had to legislate to take over.

The "store" and its new "store"

dent headquarters' cost some \$500,000 raised in 1962 by revenue bonds. The revenues are to be used to build a new "retail store" which must do around \$500,000 annually and more.

Taxpayer-supported "buyers" are reportedly busy in the St. Louis apparel and other markets, with a big "open buy" for the lingerie, hosiery, men's, women's, jewelry, sporting goods, radios, household items, records, books, paint, jackets, sweaters while the students are for the students as "necessities" to their "educational" pursuits.

10,000 Square Feet

The 10,000 square feet of floor space will house a retail venture which would "go into the discount business if necessary."

There will be no restriction as to what may be purchased in the store—no whatsoever.

To legislators, we suggest that apart from the strange picture of a tax-supported agency in a petition with those who pay the supporting taxes, this area may be one wherein new tax money can be found.

There would be no quarrel with retailing if the commonly known retailing of the common knowledge on needed improvements, they should be removed, in the opinion of the Committee on Economic Development.

Constitutions, Legislation

In its report, "Modernizing Local Government to Secure a Balanced Federalism," the CED says:

"Outmoded form of local government should be abolished, realignment of boundaries should be mandated, and state legislatures should have constitutional authority to grant home rule powers to reconstituted units."

"The importance, urgency and sweeping scope of the changes needed in justifying calling constitutional conventions in many states, the need for such changes might be made through amendments proposed by state legislatures."

"Each state should revise its constitution to modernize the forms and powers of local government."

"There are several reasons why the states should assume the initiative in revising local boundaries."

"First, local units are creatures of the states, and many function as their administrative divisions. Since the states authorize the original boundaries of most counties, the task of redrawing these lines logically falls to them."

"Perhaps the most compelling argument for state action in coordinating local government unification is that adequate constitutional authority is needed to effect state pressure."

"In 'Paying for Better Public Schools,' the CED noted that the consolidation of existing municipalities is a necessary condition for school districts of effective size that could be obtained throughout a state."

It's time the legislature holds extensive hearings on the "Macy's on campus" operations which affect the profit and tax income for the state.

If SIU is business-oriented, now's the time to show it. If profit-making stores are a must to pay off the schools' debts, then surely the schools would mind if they are subject to the taxes their competitors enjoy.

The argument that the schools are not now stockholders, not accessible to students, not on their taxes, is a genuine insult to the 100,000 taxpayers who have paid and admired over three decades.

Site Contributions by Stores

Tempest in a teapot? Would you like it to be? The inquiry is for a contribution for this school branch-out, an aggregate of some \$250,000, to revive your leading area? Would you like it if the new "industry" would feature a strong, subsidizing competitor doing a "motel" \$500,000 annually? A competitor almost insolently saying it will sell to all comers, state what it needs, price as it pleases?

Long have we promised retailers in DeKalb, Macomb, Chicago, and other cities that they'd try to correct legislative inequities.

The SIU announcement seems to make it imperative for us to ask Senate and House leadership to both correct the inequity and reach out for new tax revenues in rich "Macy" field.

Spotlight on Quad-City Traffic Needs as

Accidents, Injuries Continue Sharp Rise

Importance of intelligent traffic planning and action by municipal, township, county and state authorities is shown by the Quad-City accident trend. Mishaps have risen from 1100 a dozen years ago to 1700 in 1960, to 2200 in 1964 and to 2340 in the year just ended.

Personal injuries suffered by pedestrians, drivers and passengers have increased even more sharply—from a 400 level in 1964 to 700 in 1959, to 1100 two years ago and to 1375 in 1966. The rate of increase has been 49 last year, compared to an average of 26 a year during the past decade.

Streets and roads that are wide enough and that create no unexpected hazards will not take all of the risk of motoring, but they can do much good.

Traffic and all its ramifications—parking restrictions, stop signs and lights, police and alternate routes, construction of new connecting links to eliminate bottlenecks, overpasses and underpasses, one-way streets, widening and improvement of thoroughfares, installation of more parking lots and achievement of sound traffic planning and engineering—rate high priority on the agendas of all Quad-City governmental agencies in 1967.

Knockout Blow to Measles Is Possible During 1967

The year of 1967 may go down in history as the time measles was eradicated in the U. S. Surgeon General William H. Stewart believes. But it may not. Total disappearance of the malady hinges on a sufficient number of children receiving the preventive vaccine.

"We have had a licensed measles vaccine for three and a half years," Dr. Stewart notes. "There is no excuse for needlessly prolonging the fight against this disease, which for centuries has attacked virtually all children and left many of them mentally retarded."

Smallpox has been eradicated, and diphtheria and polio have all but disappeared in this country through the use of vaccines. If enough parents see to it that their youngsters are protected against measles, it too can be added to the growing list of health advances.

It's time the legislature holds extensive hearings on the "Macy's on campus" operations which affect the profit and tax income for the state.

If SIU is business-oriented, now's the time to show it. If profit-making stores are a must to pay off the schools' debts, then surely the schools would mind if they are subject to the taxes their competitors enjoy.

The argument that the schools are not now stockholders, not accessible to students, not on their taxes, is a genuine insult to the 100,000 taxpayers who have paid and admired over three decades.

Site Contributions by Stores

Tempest in a teapot? Would you like it to be? The inquiry is for a contribution for this school branch-out, an aggregate of some \$250,000, to revive your leading area? Would you like it if the new "industry" would feature a strong, subsidizing competitor doing a "motel" \$500,000 annually? A competitor almost insolently saying it will sell to all comers, state what it needs, price as it pleases?

Long have we promised retailers in DeKalb, Macomb, Chicago, and other cities that they'd try to correct legislative inequities.

The SIU announcement seems to make it imperative for us to ask Senate and House leadership to both correct the inequity and reach out for new tax revenues in rich "Macy" field.

workshop on parents' role in guiding children, is being launched at Granite City high school tonight. It would be the first of a series of workshops of parents gaining more understanding of human behavior. With such insight, they can proceed more confidently in showing their youngsters how to mature into responsible, happy adults able to use their abilities to the fullest. Such parental skills, or their lack, affect every facet of our civilization.

In developing law leaders for future discussion groups, the workshops to be held here at 7 p.m. each Monday through the winter and spring can have a wide impact on this community. We urge full public support and participation.

Checklist to Strengthen the Foundation of Our Freedom

In reviewing 1966, we ran across an advertisement whose message merits being repeated editorially.

Prepared by the Freedoms Foundation, the ad asked and answered a question: "You'd like to do something for freedom, but you don't know where to start? Okay, here are 10 places."

The suggestions given could help each of us become a better citizen if followed during 1967:

1. Vote in primary and general elections. Know the ballot propositions, too.

2. Explain who the men on your money are to your kids. It's a fascinating way to get history across.

3. Visit a historical shrine with your kids. Let them see and feel the roots of freedom.

4. Write a letter to your congressman if you have something on your chest.

5. Read publications that stress material on our heritage.

6. Test yourself on your kids' grammar school history exam. If you flunk, start boning up.

7. Buy a modest-size American flag and explain its symbolism to your kids. And fly it. Often.

8. Argue with editors when you think they're off base.

9. Switch the channel from cowboys to public affairs programs. It's one way to encourage the network to show more of them.

10. Participate in local civic associations. Work with your government to keep it working the way you like.

Encouraging Reports on Township Assessments

Reports that assessment revisions are under consideration in both Chouteau and Nameoka townships are encouraging. Township assessors have a clear obligation to set valuations high enough that they do not cause Madison county to lose its present assessment multiplier of "1.1."

Citizen's second line of defense against county-wide tax multiplication is the Board of Review, which can and should adopt township multipliers wherever assessors fail to follow uniform standards.

Action is essential unless all real estate and personal property owners are to face multiplied assessments and probably higher tax bills.

Heavy Responsibilities Shouldered By Speaker of House Ralph T. Smith

Congratulations are due Ralph T. Smith of Alton, a former Granite Cityan, on his election as Speaker of the House for the 73rd Illinois General Assembly.

A measure of the confidence in him shown by his colleagues is that he will have virtually complete authority to do as he pleases with all bills submitted to the House of Representatives at Springfield in the 1967-68 biennium. We are sure such power will be used for the greatest good of the largest number of people.

Annexations, Mergers Hinge on Easier Steps, Greater Fund Incentives

Persuasion, Penalties

Many states have tried combinations of persuasion, threats and penalties to get local school districts to unite voluntarily, but with incomplete success. It is doubtful that voluntary consolidation of counties or towns could be accomplished any more easily.

"Each state might begin this task by establishing a boundary commission to study the feasibility of such financial support."

Financial incentives are seen as the most effective instrument available to federal and state governments in stimulating reorganization.

Support would not be cut off entirely to governmental units, but steady progress toward complete modernization would be required. And special grants would be made for demonstration projects on how to improve local governments, similar to those now given in health and welfare fields.

Unfortunately, few U. S. or state financial assistance programs currently encourage coordination between governments.

Between different functions performed by a single unit, some are in session or soon to be consolidated, while others are deliberately fostered by small units over large.

Each state should create a boundary commission to study the feasibility of such financial support."

Answers to Income Tax Questions

Which tax form is best for me? Can I claim my wife as a dependent if we file separate federal tax returns?

How much can I deduct for gasoline tax?

Answers to these and many other questions that taxpayers have about their federal income tax will be given in a tax column starting on the Press-Record editorial page this month.

Questions used in the column will be those most frequently asked by taxpayers. Both the questions and the answers are prepared for the Press-Record by the Internal Revenue Service.

Reason for Column

"Our office receives thousands of questions from taxpayers about their federal returns," District Director J. G. Philpott says. "They come in personally, they write us and they call us on the phone."

By providing answers to the most frequent questions in a widely-read newspaper, we can reach more taxpayers than we can over the phone, by letter or in person. By finding the answers to their questions in the newspaper, many taxpayers will save themselves a phone call or a trip required, Philpott noted.

Of particular importance is to put the central file kept at the IRS out of the designated complete answers to taxpayer place.

"The Revenue Service believes that giving clear, courteous and complete answers to taxpayer place questions is one of its most important jobs. If we don't provide the tax information that citizens need, then the self-assessment system may suffer."

Although federal tax law is National Computer Center in complex, answers in the column Martinsburg, W. Va.

Refunds, for example, are written for the layman and the lawyer or accountant. Answers to tax questions will be technically accurate but they will be put in everyday language.

Readers who follow the tax place or if the wrong number is column should receive a well-earned, there will be a delay in rounded picture of federal income tax refund check.

As part of the ADP system, a National Identity File has been established which includes every individual taxpayer's name.

This file provides a check list to disclose failure to file returns, failure to pay taxes, and failure to report income, and other deficiencies.

Give Number, Other Data

To insure the smooth operation of the ADP system, taxpayers should fill out their returns carefully and make sure the information is correct. A taxpayer expecting a refund does not list his tax due number in the designated area.

YMCA Plans Expansion of Adult Programs Avid Response to SIU-SW's Reading Center

An adult planning committee is now being formed at the YMCA with the primary purpose of developing new adult participation programs. Marvin VanMetre, local YMCA official informed members of the Granite City Optimist Club on Thursday when he addressed the group.

VanMetre, 38, a graduate of Iowa State University with 16 years experience in YMCA positions, discussed the proposed adult program when he addressed Optimist members at a weekly luncheon meeting.

Before his appointment here several weeks ago, VanMetre worked as director of youth work and programming at YMCAs in Racine, Wis., Washington, Ia., and Wauwatosa, Wis., and as executive director for Waushara county, Wis.

He briefly reviewed the 100-year history of the YMCA organization, explaining that each YMCA unit is autonomous, setting its own guidelines, policies and objectives with assistance when needed, from a central association.

He described the three programs as — establishment of a "Y" Men's Club, a group of young men willing to sponsor and supervise various YMCA projects; a health-education series, involving junior high school

age students and their parents; and an Indian Guides program, offering father-son participants an opportunity for closer companionship through varied activities.

Twenty-five attended the luncheon, including three guests, Verd Whetstone of St. Louis, James Rogers and Charles Hesse, new YMCA youth director.

Wilbert Tribes, Optimist president, was in charge of the business meeting and announced an executive session for 5 p.m. today, at his office.

This week, club members will hear an explanation of programs offered through Coordinated Youth Services by the organization's executive director, C. A. MacMillan.

Involved in an accident about 8:30 p.m. Friday in the 3700 block of Nameoki road were an auto driven by an unknown motorist and a van truck operated by Robert Jones, 1646 Fourth street, Madison.

Jones said he was driving north and the auto, also headed north, swerved to avoid a puddle of water on the roadway.

San Born to Fugner Granite City
Announcement has been received of the birth of a son to Mr. and Mrs. Ronald L. Dunbar, 3215 Bell street, Alton, Dec. 30. The baby has been named Mark Richard, for his grandfathers. His weight was six pounds, two ounces.

Mrs. Dunbar is the former Jeanne Prewett, a daughter of Mr. and Mrs. Harold R. Prewett, 2937 Iowa street.

U. of I. Plans Course To Train Police

A four-week Basic Training Course for police officers in their first years of service will be conducted by the University of Illinois Police Training Institute Feb. 6-March 3 at the University's Urbana-Champaign Campus.

The course provides for 160 hours of instruction in basic police science subjects, and satisfies the requirements of the Minimum Basic Course established by the Illinois Local Governmental Law Enforcement Officers Training Board.

The staff will be members of the U. of I. faculty, plus guest instructors from federal, state, and local cooperating agencies.

Only full time officers, regular law enforcement agencies will be accepted. Applications should arrive at the University no later than Jan. 20. Registrations will be restricted to the first 48 qualified officers who apply.

The \$180 registration fee includes the cost of housing, meals, ammunition, and classroom supplies.

Officers accepted will report at the University on Feb. 5. Classes begin at 8 a.m. Feb. 6. Those wishing additional information and application forms may write or call Prof. Charles R. Taylor, Police Training Institute, University of Illinois Extension, 103 Illinois Hall, Champaign.

St. Peter Guild Studies Bible

A luncheon and Bible study preceded the regular meeting of the Afternoon Guild at St. Peter United Church of Christ Thursday.

Mrs. Kay Cornelison was in charge of the luncheon and Mrs. Arlene Brinkmeyer conducted the study.

The program for the day was given by Mrs. Ruth Kabureck assisted by Mrs. Esther Baumberger, Mrs. Florence Hadaller and Rev. R. J. Bumpen. It consisted of a film entitled "Freedom in Their Souls."

Mrs. Kabureck conducted the business session during which a contribution was made to the Winnebago Indians Children's Home. Announcement was made of the Women's and Girls' Fellowship dinner Feb. 6, and Mrs. Elsie Branding, appointed ticket sale chairman.

On Jan. 29, the church school will have a special program and worship service when slides of the United Church of Christ's DuBois Center in DuBois, Ill., will be shown. The center, owned and operated by the church, with a central lodge, cottages, shower buildings and recreational areas located on a 140-acre wooded tract of land, is used for conferences, meetings, workshops, retreats, camps and family picnics.

The annual World Day of Prayer, sponsored by the United Church Women, will be held Feb. 10 at 7:30 p.m. at St. Peter Church.

Thirty-two members were present at Thursday's meeting. Mrs. Leola Arbogast will be in charge of the Bible study at the regular meeting in February.

WCTU to Give Book to Library

Mrs. Owen Willtrout, 2546 Sheridan avenue, was hostess to the Woman's Christian Temperance Union at a monthly meeting Friday evening.

Mrs. Bethel Davis presided, following the pledges to the flags by Mrs. Alice Bates. Everett Hopkins, an honorary member, offered prayer, and Mrs. William Fisher led the devotional service.

Mrs. Everett Hopkins, social service director, advised the group a book, the biography of Billy Graham, would be presented to the public library as a memorial to a deceased member, Mrs. Martha Snelson.

Rev. E. V. Campbell, another honorary member, discussed the danger of toy guns as playthings for children, and Mrs. Davis led a discussion of current events pertaining to temperance work.

Highlights of Christmas vacations were given and refreshments were served to 18, including the three honorary members, Rev. Campbell, Everett Hopkins and Owen Willtrout.

34th Wedding Anniversary

Mr. and Mrs. Nick Bero, 1820 Fourth street, Madison, celebrated their 34th wedding anniversary at a surprise dinner party Sunday evening given by their family and friends.

The yuletide of the home was decorated with yellow and green and yellow mums and lilies of the valley formed the centerpiece on the table. A gift was presented from the group.

Those attending were Mr. and Mrs. Otto Nussel and family, Mr. and Mrs. Louis Scarrow and children, Miss Marcella Bero, Mrs. Vasil Vangel, Mr. and Mrs. Paul Gages, Mr. and Mrs. John Stutz, Maureen Stutz, Mr. and Mrs. Nick Kosick, Mr. and Mrs. John Bero.

Motion pictures were shown and dancing was enjoyed by the group.

Shower Honors Recent Bride

Mrs. Maynard Stark, the former Jean Cell and a recent bride, was guest of honor Sunday at a miscellaneous shower given at the Rose Bowl by Mrs. Patsy Welle, Mrs. Jeanne Bridick, Mrs. Winnie Cell, Mrs. Evelyn Doyle and Miss Eleanor Cell.

Games were played and a number of prizes were awarded. Blue was the color predominating in the appointments. Refreshments were served to 35 guests.

DUAL CELEBRATION MR. AND MRS. MYERS

A dual celebration was held Sunday in the home of Mr. and Mrs. Bruce Groshong, Route Two, Collinsville, in honor of the 38th wedding anniversary of Mrs. Groshong's parents, Mr. and Mrs. Clyde Myers, 2412 Iowa street, and the birthday of Mr. Myers.

A buffet dinner was served to the guests of honor, Mrs. Ophelia Shelton, Mr. and Mrs. Fern Hahn, Mrs. Floyd Myers and family, Mr. and Mrs. Edward File and children, Mrs. Kenneth Tankley and family and Bruce and Tom Groshong.

Final Payment Due Jan. 16 On Estimated Income Tax

Monday, Jan. 16, is the due date for the final payment of 1966 estimated federal income tax, according to Jay G. Philpott, district director of Internal Revenue for central and southern Illinois.

An amended declaration of 1966 estimated income tax may be required by Jan. 16, 1967, from taxpayers who have had changes in income or exemptions during the last quarter of 1966 that cause substantial increase or decrease in income tax.

The amended declaration form printed on the notice of installment received by taxpayers may be used to amend the original estimate or Form 1040ES (Estimated Tax and Tax Withholding), furnished additional information on this subject and may be obtained by dropping a post card to District Director, Internal Revenue Service, Springfield, Ill. 62704.

Jan. 16, 1967, on Form 1040ES by taxpayers who just became liable for filing an estimate during the fourth quarter.

Payment of the last installment, amended declaration or original declaration which would otherwise be due on Jan. 16, 1967, need not be filed if the taxpayer files his 1966 income tax return, Form 1040, and pays in full the balance of tax due on or before Jan. 31, 1967.

Due dates are different for farmers and commercial fishermen. Document No. 5111, "Estimated Tax and Tax Withholding," furnishes additional information on this subject and may be obtained by dropping a post card to District Director, Internal Revenue Service, Springfield, Ill. 62704.

S/Sgt. Cobb Receives 17th Air Medal

A local serviceman, S/Sgt. Autrail Cobb, currently home on 30-day leave from Vietnam, has 17 awards of the Air Medal for heroism and the Army Commendation Medal for his actions.

Sgt. Cobb, son of Mr. and Mrs. Joseph L. Cobb, 2224 Edna street, formerly of Madison, plans to return to Vietnam upon expiration of his leave Feb. 3. At the present time he is away from home visiting relatives in Indiana.

The sergeant just recently won three awards of the Air Medal for his heroism in combat while serving on the crew of a helicopter gunship in Vietnam. The others, "V" clusters, were awarded him throughout his two years in the combat zone.

S/Sgt. Cobb, who has a brother, Pfc Ernie L. Cobb, with a Marine Corps helicopter unit in Vietnam, is a helicopter gunner. He also has another brother, S/Sgt. James Cobb, who is in the Army, serving at Fort Leonard Wood, Mo.

The sergeant is with the 17th Aviation Co. which last summer

was supporting the 101st Airborne Division.

His 14th and 15th awards of the Air Medal were for action during "Operation Hawthorne" near Dak To.

"While serving as a gunner in an armed helicopter platoon, he helped to provide continuous night gunship support for infantry units engaged in hazardous weather and terrain."

"As a result of his action," the news dispatch direct to the Press-Record from Kontum, Vietnam, reads, "27 critically wounded Americans were rescued and the tactical advantage remained with the U. S. forces."

Later, S/Sgt. Cobb was assigned the hazardous mission of extracting a Special Forces team which was being pursued by a reinforced Viet Cong platoon near the Cambodian border and extremely close to Viet Cong supply routes.

"Under heavy fire from the enemy, the crew of his helicopter made a successful pickup of the team."

award for meritorious action, and the 17th award to the Air Medal was given for action during "Operation Utah" near Quang Ngai. He volunteered to go on a mission to support U. S. Marines who were pinned down by the Viet Cong less than 50 meters from friendly troops. During the action, communications were sparse, but the mission was accomplished.

S/Sgt. Cobb, who attended Madison high school, entered the Army in 1962 and completed basic training at Fort Knox, Ky. Earlier this year, his unit lifted 301 troops in combat flights and transported a total of 115,200 pounds of cargo. The crew also performed hazardous medical evacuations, emergency resupply and conducted close air fire support for infantry units.

Urge Revenue Bonds To Attract Industry

Issuance of tax-exempt municipal revenue bonds for industrial development was recommended to the Illinois Chamber of Commerce by its Economic Development Committee at a meeting Thursday in Chicago. The vote was 21 to 18.

Committee members, including C. E. Townsend, editor and publisher of the Press-Record, who favored the proposal, viewed such Illinois legislation as necessary if this state is to be able to compete with its neighbors for new industry and also for industrial expansion.

It was pointed out that, in the last four years, the states of Missouri, Iowa and Kentucky have issued about \$250 million in industrial revenue bonds, and 27 other states now have similar enabling legislation.

Members of the Economic Development Committee, including those who favored the recommendation, pointed out that they were opposed in principle to the idea of revenue bonds for industrial building because, among other things, it is unfair to existing industry that pays its full share of taxes. Also, it could eventually lead to weakening of municipal bonds for normal city improvements.

The Chamber was urged to continue its opposition at the federal level to tax-exempt industrial revenue bonds but, meanwhile, Illinois will be encouraged to provide appropriate legislation so this state can compete with others. Illinois presently has legislation for industrial revenue bonds, but it is felt to have legal flaws.

More Water Pollution Aid Clarence W. Klassen, chief sanitary engineer of the Sanitary Water Board of the Illinois Department of Health, informed the C. of C. committee that Illinois is in the forefront of the national "clean water" program, due largely to the assistance given by industry.

Increased federal aid is expected through new legislation, he added, and Illinois will be ready to benefit from it by having federally-approved in-state water pollution laws.

Under the new proposal, cities will be eligible for 55% federal aid up from 30%, if a state has approved legislation and provides 25% of the project cost. This would reduce the city's outlay to 20%.

Illinois Swine Seminar

Area hog farmers will have the chance to brush up on old skills and learn new information about hog production and management at the University of Illinois Swine Seminar on Tuesday, Jan. 10.
 The seminar will be from 8:30 a.m. to 3 p.m. at National Stockyards Arena, National Stockyards, U. of I. extension specialists in

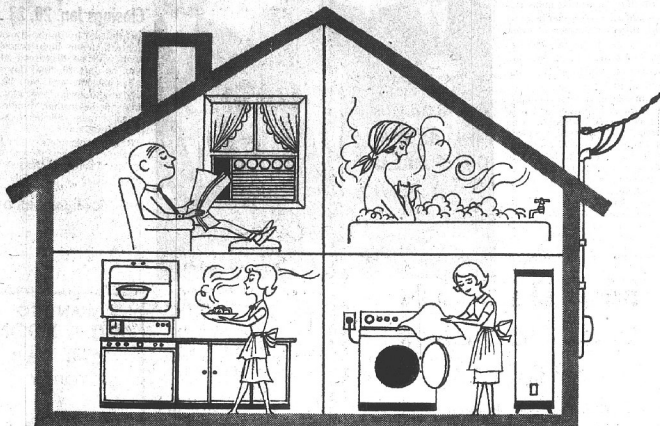

swine, agricultural engineering, veterinary medicine and agronomy will serve on the program. Eleven other U. of I. Swine Seminars are scheduled to be held throughout Illinois during January and February.
 The program will emphasize new information hog farmers can use in their own operations. Each specialist will give seminar participants the chance to raise questions.

Swine specialist G. R. Carlisle will discuss sow feeding and management, pig nutrition, iron injection and feed efficiency standards.
 Agricultural engineer A. J. Muehlhoff will look at swine confinement housing, including farrowing facilities and growing-finishing houses, manure management and feed handling.
 Veterinarian H. N. Becker will discuss atrophic rhinitis, worming programs, hog cholera and pleuropneumonia-like organism (PPLO).

This seminar offers an opportunity that few hog producers can afford to miss. The seminar, like all Cooperative Extension Service meetings, is open to the public.
 Elwood Wieseman, East Alton, asked where he can get a supply of a new starting poison material called D.R.C.-139 as described on page 481 in the January issue of Farm Journal.
 John Rees of the Illinois Department of Agriculture says the material is still in the experimental stage and is not available to the public.
 University of California scientists are testing the material

Meter Income last Year Largest in 10 Years

Parking meters in Granite City during 1966 produced the largest income in fees and fines of any year since 1956—a total of \$47,311—according to a report of collections by the office of city controller Robert Stevens.

The total collections represented \$38,867 in nickels and pennies placed in the city's parking meters, and \$8,454 in fines paid by motorists who violated the meter limits.

The fine collections, resulting from an almost constant police drive against meter violations, were the largest on record since parking meters were installed. The \$8,454 in fines was more than twice the \$3,611 in fines paid during 1965, almost five times greater than the \$2540 collected in 1964 and almost five times greater than the \$1787 fines paid in 1963.

Statistics based on fee and fine collections reported by the controller show that the total of \$47,311 in both fees and fines resulted from operation of meters on 309 days of 1966, for an average daily income of \$153, compared to averages of \$126 in 1965, \$124 in 1964 and \$125 in 1963.

Income Up \$882

The 1966 income totaled \$682 higher than the \$36,429 collected in 1965—\$35,321 in fees and \$3,611 in fines. It was \$700 higher than the \$35,721 in fees and fines received in 1964, of which \$36,071 was fees and \$2540 fines. In 1963, collections were almost on a par with 1964 and 1965, amounting to \$36,306, of which \$36,519 was in fees and \$1787 in fines.

Several near-record collection months were reported during the year.

3 Building Permits Open Year's Activity

Building permits for a home and two garages opened the construction season in Granite City during the first week of the year. Values totaled \$18,400.

The permits were issued to Jack Green for a six-room home at 4110 Braden avenue at a cost of \$14,000, and to Jack Dempsey, 4054 Vespi avenue, and Donald Adams, 4068 Vespi avenue, for the garages at a cost of \$1900 each.

amounted to \$969 for a \$4508 total.

The average daily income from meter operation in May was \$174 and that of March was \$166. Meters operated 26 days in May and 27 in March.

The only larger income from parking meter operation on record was reported in 1956 when fee collections amounted to \$43,622 and fine collections totaled \$5634 for a total of \$49,256.

Second highest collection month of the year was August which produced a total of \$4621 in meter revenue—\$3799 in fees and \$822 in fines for a daily collection average of \$171 on 27 operating days.

Report Larger Collections

Total income of both fees and fines exceeded \$4000 during two other months of 1966. One of these was May when \$3799 in fees, identical to the August fee income in the same amount, and \$722 in fines produced a total of \$4521. The other was March when fees totaled \$3539 and fines

State Air Board Opens Hearings

The first in a series of public hearings on regulations proposed by the Illinois Air Pollution Control Board for control of smoke and particulate matter and for establishment of a permit system for new equipment was to be held today in Decatur.

Plans for the hearings were announced recently by C. W. Klassen, technical secretary of the Illinois board. A hearing on the proposals will be held for the Madison-St. Clair county area in the Stadium Motor Hotel at East St. Louis on Feb. 15.

The second in the series of state hearings is scheduled at Peoria, Tuesday, Jan. 17. Following it at East St. Louis hearing, one will be held on Feb. 20 at Joliet, and the last one on Feb. 21 at Sterling. All hearings will begin at 10 a.m.

Klassen said each of the hearings will be conducted by at least three members of the pollution control board. Interested parties have been requested to make their comments at only one of the hearings. Any party desiring to be heard has been asked to notify Klassen of the hearing he plans to attend.

It is preferable, but not mandatory, Klassen said, that testimony be written and submitted to the technical secretary one week prior to the hearing at which the testimony is to be offered. Following the hearings the board will consider the comments received and will prepare final regulations which it can adopt and file with the Secretary of State.

County Area Sales Tax Ahead of Previous Year

Still running ahead of 1965, Madison county unincorporated area sales tax receipts for 1966 recently arrived in Vietnam and have climbed to \$15,539 with inclusion of the September report of \$20,491. In 1965, the half-cent-dollar tax produced \$142,372 through the first nine months and \$197,715 in 12 months.

The gross September collection was \$21,550, including \$21,513 retailer occupation taxes and \$37 leasing taxes. Deductions were \$285 due to tax protests and \$383 to meet state administrative costs.

State Air Board Opens Hearings

The first in a series of public hearings on regulations proposed by the Illinois Air Pollution Control Board for control of smoke and particulate matter and for establishment of a permit system for new equipment was to be held today in Decatur.

Plans for the hearings were announced recently by C. W. Klassen, technical secretary of the Illinois board. A hearing on the proposals will be held for the Madison-St. Clair county area in the Stadium Motor Hotel at East St. Louis on Feb. 15.

The second in the series of state hearings is scheduled at Peoria, Tuesday, Jan. 17. Following it at East St. Louis hearing, one will be held on Feb. 20 at Joliet, and the last one on Feb. 21 at Sterling. All hearings will begin at 10 a.m.

Klassen said each of the hearings will be conducted by at least three members of the pollution control board. Interested parties have been requested to make their comments at only one of the hearings. Any party desiring to be heard has been asked to notify Klassen of the hearing he plans to attend.

It is preferable, but not mandatory, Klassen said, that testimony be written and submitted to the technical secretary one week prior to the hearing at which the testimony is to be offered. Following the hearings the board will consider the comments received and will prepare final regulations which it can adopt and file with the Secretary of State.

Fire Guts W. Madison Home, Razes Another

A West Madison home at 918 Webster street was gutted by fire early Saturday morning and another at 701 1/2 Franklin street, also in West Madison, was destroyed early Sunday morning.

Fire Chief E. J. Miller said the residence at 918 Webster street, occupied by John W. Freeman and his family, was burned out in the rear section with damage of about \$1500 to the building and loss of contents valued at \$1000.

The fire started from an overheated furnace shortly after 5 a.m. Saturday. Freeman and members of his family escaped without injury.

Chief Miller said the fire department still was trying to determine ownership of the house at 701 1/2 Franklin street, and that an estimate of damage would be fixed later. The fire started there from an overheated stove at 12:40 a.m. yesterday and was well under way when firemen arrived, he said. Firemen were at the scene until 3:45 a.m.

Arrested for Disturbance

Henry Edmonds, 26, of 1906 Douglas street, Venice, was arrested by Venice police at 1:25 a.m. Sunday on charges of disorderly conduct and refusing to obey an officer. Police said they were called to the American Legion Post 799 in North Venice where he said they found Edmonds and his wife fighting. Officers broke up the disturbance and ordered the couple to leave. They resumed fighting outside, officers said.

Minor Damage to Auto
Two autos had minor damage to the right rear when one, being backed out of a driveway at 2804 State street by Dorothy Dix, 2448 Delmar avenue, collided with another driven by Vanna Berkbigler, 2323 Zippel street, at 3 p.m. Thursday.

Charged with Speeding
Robert Tidwell, 325 Davis avenue, was issued an arrest ticket Saturday evening at 18th street and Edison avenue on a charge of speeding.

ABOUT THIS QUESTION:
"Christmas shopping is over, and we're loaded with 'accusable' goods. What if fire, explosion, windstorm, or theft would cause the loss of our files—how could we collect the thousands of dollars due us? Does your agency have insurance to protect a business from any such loss of income?"
